FRIDAY, MAY 4, 1855.

65° On Wednesday, about a beautiful rainbow spanned the northwest part of the heavens. The colors were brilliant and well defined, and it remained visible for upward of half an hour.

135° The attention of citizens of the 'ough is invited to a notice of W. C. Kidd, Marshal, in another column. He invites every body to shut up shop on Sunday, except those who observe the good faith, some other day at the Sabbath.

23° It will be seen that H. W. Wesley accepts the nomination of the Democratic Convention to the office of Attorney General of the State. He is made of the talents, and a first rate Democrat. Let every Democrat remember him at the polls.

25° Remember the large sale of furniture at Mr. G. S. Spencer's auction room, this morning, at 10 o'clock, sold by order of the Marshal of the Chancery Court, together with a lot of new and desirable articles in the furniture line. A chance is here offered for great bargains.

25° We are in the receipt of our new type and plates and compositors, all busily engaged in casting the new dies, have neglected our columns to pay. Our readers, we hope, will excuse our omission, for we expect to publish a paper from henceforward, that will be acceptable to all the world and the rest of mankind.

15° BARDSTOWN SATURDAY GAZETTE.—This new paper, to be under the control of H. W. McCarty, will be commenced next week, under auspices of the most favorable character.

25° A letter from Capt. Ashby, of the steamer W. A. Davis, to Capt. Moorehead, dated on the 11th, states that Woodbury lock on Green river is out of order. Capt. A. was building a dam, and expected to get through in about five days. The little steamer White River was above the lock, and would remain there, which will enable the Davis to take freight through to Bow.

25° We have will be here on or about

15° BARDSTOWN SATURDAY GAZETTE.—Mr. McCarty, in his advertisement in the comedy of May 1, has the undoubted delight of a large audience. It can scarcely tell whether he like him better as comedian or tragedian. In comedy he delights; in tragedy he thrills; he is so perfectly natural is one short charm; there is no affectation of any kind whatever. To-night he will take his benefit, and appear as the Strange, and to the same that is printed in broad, and that same that is printed as 'comedian,' which was incurred in, and on motion, said ordinance was amended.

15° Alderman Douglass, from time committee, reported a resolution from the Common Council authorizing the city engineer to allow George Roane \$100, and was reprobated.

15° Alderman Douglass, from same, reported a resolution from the Common Council authorizing the city engineer to allow George Roane \$100, and was reprobated.
